Dear Sample Customer,

In November 2015, Union Township voters authorized the creation of a natural gas aggregation program. Your community has selected Constellation Energy Services - Natural Gas, LLC ("Constellation") as the preferred supplier. This includes a 12 month program beginning with your December 2016 meter read cycle (or first available meter read thereafter) through your November 2017 meter read cycle. Your community has selected a Locked-In Price with Flex Down Opportunity (SM) Rate. This option includes a price cap of \$0.499 per Ccf; your rate will never exceed the price cap during the established capped period. If market prices dictate during a capped period, your monthly rate could also decrease. Monthly rates are published online. For natural gas supplied in December 2016, the rate will be \$0.499 per Ccf.

You're Automatically Enrolled

There is no cost to enroll. As an eligible customer, you are automatically enrolled unless you decide to opt-out. You may terminate this Agreement without penalty at any time for any reason by providing notice to Constellation. To learn more about the program, please see the enclosed General Terms and Conditions and the Frequently Asked Questions.

How To Opt-Out
